

## AA SCREENING DETERMINATION

Of

### Water Network Programme - Ballinard to Killenaule, Co. Tipperary

In accordance with Article 6(3) of the EU Habitats Directive (Directive 92/43/EEC) and Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, Uisce Éireann has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the project, individually or in combination with other plans or projects is likely to have a significant effect on European Site(s).

The work order for this design involves rehabilitation of approx. 6,617m of the existing 200mm Cast Iron (CI) watermain, 200mm Asbestos Cement (AC) watermain, 225mm Asbestos Cement (AC) watermain, 100mm uPVC and 80mm uPVC between Pump Station to Kilbreedy with a single 315mm HDPE SDR11 watermain for 7,960m with all associated assets, along a public roadway Ballinard to Killenaule, Co. Tipperary.

In this context, particular attention was paid to the European Site(s) listed below:

- *Lower River Suir SAC 002137*
- *River Barrow And River Nore SAC 002162*

In accordance with Regulation 42(7) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, **Uisce Éireann has made a determination following screening that an Appropriate Assessment is not required** as the project is not directly connected with or necessary to the management of the sites as European site(s) and **as it can be excluded**, on the basis of objective information and in light of the conservation objectives of the relevant European Site(s), **that the project, individually or in combination with other plans and projects, would have a significant effect on a European Site.**

This determination is based on the nature, location, scale and duration of the proposed works, including any temporary works and excludes any consideration of mitigation measures.

Full records of the assessment, reports, surveys, consultations, and observations are held by the competent authority and available for public review as requested.

Signed:
